

DIMENSIONS: 8' Diameter x 13' Long Weight: 2.5 tonnes

****THESE TANKS ARE FOR FULL BURIAL ONLY AND ARE NOT FOR ABOVE
GROUND USE**** Lid dimensions 19" internal with a 23" cover

2 x 3" bsp females

All bsp threads are at the top of the tank.

Models vary – the details shown are a general overview only. These tanks usually come with cradles but sometimes they don't. We will validate and verify tank details based on what stock is available upon enquiry.

The customer is responsible for groundworks, manholes and siting of the tank. Tardis provide the tank only. If required, Tardis can supply and fit empty and fill points prior to arrival on site, however this must be stated at the time of the initial enquiry.
