If you require pipework, please call our sales team for a quote.

Main Features 2000 litre bowser

- Towable bowzers are equally suited for construction sites or events.
- Can be supplied with an on-demand pump providing pressurised water supply for toilet blocks, site welfare cabins and the likes.
- Provide a clean non drinking water supply with water top-ups available on demand.
- 15-25mm taps available
- The bowser has a towing eye connection,(see below) please inform us of your requirements upon ordering.

Bowers may vary slightly to the model pictured, however they will still perform the duty detailed

Suitable for:

- Welfare units
- Construction sites
- Events and festivals
- Other bulk water storage situations with no mains water

Bowers supplied for **clean water storage** have not been quality pre-treated as per drinking water standards, but are cleaned and prepared to a high standard.
