A Tardis fitter can connect your waste tank to your welfare unit. Please request a quote.

Main Features – 4500 Litre Waste Tank

- Robust construction, fabricated from 4mm mild steel
- Ideal solution where there is no access to a main sewage line
- Can easily be plumbed in to your welfare unit
- Will fit under most welfare cabins to conserve space on site
- 4 x lifting lugs
- 6 inch inspection hatches – located in each corner
- Easy wet waste removal due to large inspection hatches
- Can be plumbed in to more than one welfare unit

Added Features

- Content indicator
- Access lid (lockable)
- 3" Bauer waste extraction point
- Submersible waste pump
- Consumer unit

Outlets on ball valves range from 25mm to 75mm depending on requirements

All tanks are subject to availability, and bespoke tanks can be made upon request. Square tanks need to be buried at MID LEVEL.

If you need a tank to be fully buried. Please let us know your specific requirements when ordering so we can supply you with the most suitable tank.
