

Dimensions: 2.4 MTRS H x 6.1 MTRS L x 2.6 MTRS W

Main Features

- ❑ Our 7.5 tonne "mini tanker" is designed for access where one of our regular 26 tonne tankers might encounter problems.
- ❑ The tank has a 2700 litre capacity storage for waste and 910 litre of clean water for tank refills (hand washing and toilet flush purposes).
- ❑ The vehicle has separate vacuum suction and water pumps and features a low pressure jet lance.
- ❑ The vehicle carries 15 metres of suction hose (50 feet). (30 metres available upon request)
- ❑ 20 metres delivery hose

ACCESS: Please review the vehicle dimensions and consider possible restrictions when accessing your site. Advise us if you believe you might have a problem to enable us to offer an alternative vehicle.
