A Tardis fitter can connect your waste tank to your welfare unit. Please request a quote.

Main Features – 500 Gallon (2273 Litres) Odourless Waste Tank

- Robust construction, fabricated from 4mm mild steel
- Ideal solution for industrial and commercial office use.
- Can easily be plumbed in to your welfare unit
- Will fit under most welfare cabins to conserve space on site
- 3" ball valve with 3" female Bauer for outlet
- 160x80 box Fan Forks
- 2 way valve with Carbon Filter
- 4" inlet with Rubber Seal for Soil Pipe
- Can be plumbed in to more than one welfare unit
- Weight when empty: 700kg approx.

All tanks are subject to availability, and bespoke tanks can be made upon request. Square tanks need to be buried at MID LEVEL only. The valve to empty this tank is on the side, therefore if you are part burying this tank you will need to leave the valve side clear.

If you need a tank to be fully buried please let us know your specific requirements when ordering so we can supply you with the most suitable tank.
