

Dimensions: 2.3 mtrs Wide x 6 mtrs Long x 2.4 mtrs High

Click the picture for a short demonstration on how we service and clean portable toilets

Please note, the service vans can only reach 9 metres from where they can safely park. If the units are moved after initial delivery or access is restricted and the units can't be serviced by our standard service van, then a bespoke quotation will be required for a vehicle with additional hose. This rate is in addition to the weekly hire rate.

We do not carry any pipe connectors on any of our vehicles. Specialist connectors must be arranged prior to our arrival on site.

Main Features

- Equipped to clean and sanitise the interior of portable toilets, empty the toilets waste tank and refill with a biodegrading liquid and fresh water and restock consumables including hand towels, toilet paper and soap when required.
