

Dimensions (WxD) M – 1.5 X 2.4

Product Overview

The solar loo is the only fully flushing standalone toilet available that is powered entirely by patented solar technology.

Equipped with flushing W.C and urinal, hot air hand dryer, hot and cold running water and lighting, the generator free unit requires very little maintenance, reduces Co2 emissions and cuts fuel bills drastically.

Technical Spec

- Dimensions – 8ft x 5ft
- Config – 1 x toilet, 1 x urinal
 - Weight 1610kg
- Water tank capacity – 364L
- Waste tank capacity – 409L
 - Fuel capacity – 68L
- 10 point anti-vandal door
- Insulated walls and ceilings
 - PIR lighting
- Low level lifting points
- Regulation forearm sink
