

Dimensions: 325mm Long x 220mm Wide x 300mm High

******These pumps aren't compatible with E10 petrol and must be used with E5 petrol only. Any call outs in relation to this will be chargeable to the customer, as we would need to drain and replenish each engine with new Super unleaded to run correctly******

Main Features

These super portable water pumps are very compact and lightweight, making it easier to locate them wherever they are needed.

The 360 lubrication system allows the WX10 to carry on working at virtually any angle without spilling oil or affecting the pump's optimal lubrication, this is to ensure a trouble-free operation after transportation.
