

Dimensions: 2 mtrs Wide x 3.4 mtrs Long x 1.8 mtrs High

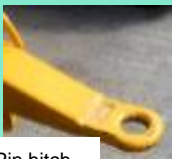

## Main Features

- The Tardis 500 gallon / 2000 litre dust suppression bowser is the ideal choice to combat dust contamination and build up.
- Mounted on to a trailer with Land Rover style wheels for easy transportation in any terrain.
- Complete with mounted petrol water pump.
- Designed to be towed off road on sites.
- Can be towed on roads as long as it is empty, empty weight does not exceed 750kg.

## Site towable bowser legal basics:

- Hand brake
- 1" outlet
- Brake away cable (customer to supply)
- The bowser does not have lights fitted so a light board is required (customer to supply)

Pin hitch type as standard
